

## Special Budget Update ■ August 24, 2020

### Trailer Bills of Interest to Counties to be Taken Up Tomorrow

With a week to go before the Legislature adjourns for the year, a number of budget trailer bills were amended over the weekend and will be heard in the Assembly Budget Subcommittee No.6 tomorrow afternoon. (Check out these links for the [agenda](#) and associated [analyses](#).) Your HBE Advocacy Team has prepared a summary to outline the provisions of each measure. Please feel free to reach out to us with questions and we'll keep you posted on the latest news.

Be sure to note that UCC has weighed in on coalition advocacy letters (attached) for the following budget trailer bills:

#### **SB 115 – Budget Bill, Jr.**

- *Support provisions related to Realignment backfill*

#### **SB 815 – General government omnibus (August clean-up)**

- *Support provisions related to Assessment Appeals Boards*

#### **SB 823 – Legislative alternative to DJJ Realignment**

- *Oppose*

We are currently working to finalize a coalition letter supporting SB 824, which eliminates various criminal justice administration fees and establishes a backfill to address county revenue loss; we will share that advocacy letter under separate cover.
